

# Double Collapsible Rack Assembly Instructions

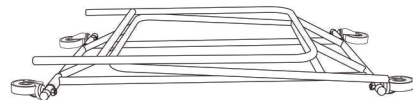

## PARTS LIST:

(4) Extension Bar

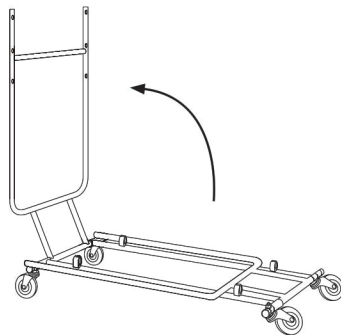

(2) Top Bar

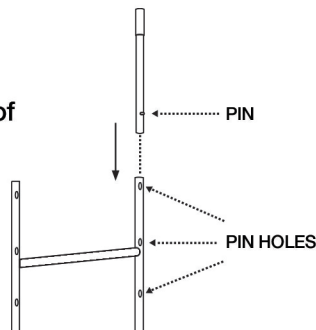

(1) Frame

## INSTRUCTIONS:

**STEP 1:** Locate the frame and lift one side of the frame straight up.

**STEP 2:** Slide extension bars (pin first) into each of the shafts of the upright frame.

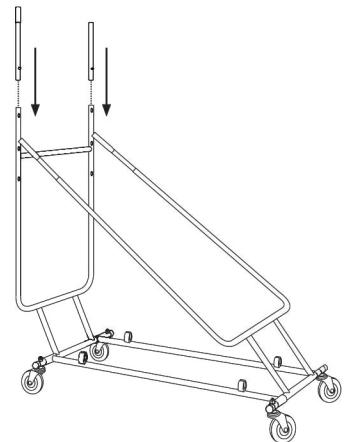

**STEP 3:** Raise the other side of the frame and rest it on the assembled upright.

**SAFETY NOTE:**  
Use caution while assembling. This step is to prevent collapsing.

**STEP 4:**  
Repeat STEP 2 to install extension bars in each side.

**STEP 5:**  
Raise the side of the frame and insert one top bar. Repeat this step with second top bar on the back.
